This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

1865.

PREFACE.

It was formerly much the fashion to represent the Government Official as a species of sinecurist, whose chief occupation was to solve the difficult problem, how to dispose of the brief hours of service required by the Treasury Minutes; and although of late years their merits have been more justly appreciated by the public, comparatively few are aware of the very important services rendered to the State by the Civil Servants of the Crown and the East India Company, entirely independently of their duties and exertions in an official capacity. The object of the following work is to supply this information in a simple and concise form; and to thus show that, so far from being overpaid and underworked, some of the noblest names in every

branch of English Literature, and some of our most laborious authors, have been in the official employment of the Government; while it is the fame of the labours of their leisure hours which has in many instances made us forget the unobtrusive routine of their Official Services.

I am not aware that any attempt has hitherto been made to furnish a collected list of the contributions to English literature by the Civil Servants of the Crown and the East India Company, and I venture to crave indulgence for defects almost unavoidable in a first essay at such a compilation. Although I have availed myself of every means in my power to collect the titles of the various works, and to ascertain the dates of the publication of the first editions, it is to be feared that the Catalogue will still be found very far from complete; and I therefore would fain hope to be favoured with any information which may enable me to correct errors or repair omissions should a second edition be required. One great difficulty has been to decide where to commence, but the necessity of limiting the size of the book has led to confining the Catalogue to the works of those who have been officially employed since 1794. Nevertheless, the works

mentioned were in numerous cases published during the lifetime of their respective authors and long prior to that date. Should my present effort be received with sufficient favour to enable me to issue a second series extending to the reign of Elizabeth, I need scarcely observe what bright names in British History would be comprehended in the list.

In the present work the Biographical notes have been compressed to the smallest compass; and to afford facility of reference a double index has been added, the first portion of which comprises the names of the various authors, and the second portion the names of the official departments in which they were employed. A cursory glance at these lists will show how numerous and distinguished are those whose literary labours identify them with the industrial classes, including as it does such names as Burke, Burns, Godwin, Charles Lamb, Cornewall Lewis, Macaulay, McCulloch, Mackintosh, Henry Mackenzie, Wordsworth, &c., &c., who have been taken from us, and Brougham, Gladstone, Earl Russell, Bulwer Lytton, Disraeli, Layard, &c., &c., who are still spared to advance the cause of progress. A perusal of such names

cannot fail to excite feelings of deep respect and gratitude to those who have devoted themselves so entirely to the services of their fellow-countrymen.

HER MAJESTY'S STATIONERY OFFICE:
March 1865.

INDEX OF AUTHORS.

Adair, Sir Robert, 1
Alcock, Sir J. Rutherford, 2
Ashburton, Lord (Alex. Baring), 3

CONTRIBUTIONS

TO

ENGLISH LITERATURE.

. SIR ROBERT,
P.)

Foreign Department.

Bo... ucated at Westminster School, and a... ngen. Elected M.P. for Appleby in 1802; for Camelford in 1806. Early in the same year appointed Minister at the Court of Vienna. Employed in 1808 on a special Mission to the Sublime Porte: created a K.C.B. on his return. Was Ambassador at Constantinople from 1809 till 1811. And again employed on a Special Mission to Belgium in

1831. Retired from the public service in 1835 Died October 3, 1855.

Published

An Historical Memoir of a Mission to the Court of Vienna in 1806. 8vo. 1844.

A Memoir of the Negotiations for the Peace of the Dardanelles 1808-9. 8vo. 1845.

On Organisation of the Military Forces of Great Britain. 8vo. 1855.

Various Political Pamphlets.

ALCOCK (SIR JOHN RUTHERFORD, K.C.B.)

Department of Secretary of State, Foreign.

Born in 1809. Educated at the Grammar School at Capheaton, and studied in the London hospitals. Acted as surgeon in the Spanish Legion from 1833 to 1837. Appointed a Commissioner for the settlement of the various claims of the British Legion from May 1839 till 1844. Appointed Consul at Foo-chow-foo in 1844; at Shanghae in 1846, and at Canton from 1854 till December 1858. Was nominated Envoy Extraordinary and Minister Plenipotentiary and Consul-General at Japan in November 1859. Created a C.B. in 1860, and K.C.B. in 1863.

Life's Problems. 8vo. 2nd edition. 1862.

Medical History of the British Legion of Spain. 8vo. 1838.

The Capital of the Tycoon, or Narrative of Three Years' Residence in Japan. 8vo. 1862.

ASHBURTON (LORD), ALEXANDER BARING.

Board of Trade.

Born October 27, 1774. Conducted for some time, in the United States, the American branch of the mercantile house of Baring Brothers, and became head of the firm in 1810. Represented Taunton in Parliament from 1812 to 1820, and Callington from 1820 to 1831, and North Essex from 1832 till 1835. Became President of the Board of Trade under Sir Robert Peel in 1834. Raised to the Peerage in 1835. In 1842, at the instigation of Sir Robert Peel, appointed Special Commissioner to the United States to settle the Maine Territory Boundary dispute; the result of which was the Ashburton Treaty.

An Inquiry into the Causes and Consequences of the Orders in Council and an Examination of the Conduct of Great Britain towards the Neutral Commerce of America. 1 vol. 8vo. 1808.

BANDINEL (JAMES).

Department—Secretary of State, Colonial.
